STATE OF ARIZONA vs. Steven Carroll Democker Defendant	CASE NO. 08-029129 BOOKING NO. 08-09279	PROBABLE CAUSE

The following additional information is relevant to the conditions of release of Defendant above named with reference to the charge(s) described in Release Questionnaire Part A and any additional charge(s) referred to below:

Steven Democker and Carol Kennedy were officially divorced on May 28, 2008. His first alimony payment due was 07/01/08. She was murdered on 07/02/08.

On 07/02/08 at about 7:59 PM Carol Kennedy, 53, who resided at 7485 Bridal Path in Williamson Valley, was on the phone with her mother Ruth Kennedy. According to Ruth, who lives in Tennessee, Carol exclaimed "Oh No" and the phone disconnected. Both she and her son, Carol's brother, John Kennedy, tried calling Carol's ex, Steve Democker, 53, several times on both his home and cell phones to check on Carol. When they did not get a response they called the police. YCSO received Carol's call at 8:16 PM. Deputy Matt Taintor arrived on scene for a welfare check at 8:52 PM. He walked around the outside of the house and using his flashlight he could see into a room that faces the rear of the property. He sees the victim lying on the floor in a pool of blood.

Detectives were called to the scene and determined the scene to be staged. It was obvious her body was repositioned. A ladder was placed into the crime scene that made it appear to be a fall and that she hit her head on the desk. The ladder did not have blood on it yet the wall behind it did.

While on the scene Charlotte Democker, the 16 year old in common daughter of Steve and Carol, pulls up to the house at 2359 hours with her boyfriend, 16 year old Jacob Janusek. Charlotte was on the phone with her dad when she pulled up. She is told her mom is dead – about 1 minute later Det. Brown spoke with Steve Democker. Among the statements he made was "What kind of state is the body in, she hasn't seen Carol has she

After arriving at the scene Mr. Democker agreed to go to YCSO to answer questions. After they arrive one of the first things he asked was if this can be quick since he has to work in the morning.

Mr. Democker states he got home around 5 PM. He had texted the victim twice during the day stating he wanted to come and get Katie's car. Katie is a 19 year old in common daughter who was out of the country and just left Sunday. She normally stays at Carol's. Katie's car was in the victim's garage. He also texted that they both owed each other a "pile" of money and should exchange checks. She texted back he could pick up the car whenever he wanted to-the keys were in the car.

Mr. Democker stated he was on a bike (bicycle) ride from about 6:30 PM until 9:00 PM, 9:30 PM, or it was

getting dark.

Mr. Democker stated he got a flat tire while out on the ride and had to walk/ride the bike back. Where he started the ride from was 1.5 miles from the victim's house. This trail is almost 10 miles from his house. He said because of the flat it took him almost 4 hours. Det. Sgt. Huante rode the trail round trip in approximately 1 hour and 45 minutes.

An offshoot of this trail veers toward Williamson Valley Road toward Glenshandra. Glenshandra runs into a gate where there is another trail/path that runs behind the victim's house. After the gate there is dirt, which had bike tire tracks that were consistent with the tread pattern on Democker's bike, including what appeared to be a flat rear tire. These tracks were 100 yards from the rear of the victim's property. There are shoe tracks that lead from the bike tracks to the rear of the victim's property. Another set of those same shoe prints went straight back to the bike from the victim's property. It had rained so those tracks were fresh.

Mr. Democker stated a number of times that there are lots of mountain bikers and horse riders on that trail but on this particular journey, in which he claims to be on for four hours, he did not see anyone.

Mr. Democker had cuts on his arms and legs-particularly on his left side including a rather deep straight across cut on his left ankle. He attributed these to taking place while on his bike ride. The cut on the left ankle did not appear to come from a bush. We were given a statement later from a girlfriend of Mr. Democker's that the cuts came as he was heading back from his ride, which means he fell off while riding on a flat or while walking his bike back. This trail was also not narrow-it's a rather wide trail up to five feet in some areas.

Mr. Democker said he was familiar with both of the areas, the trail he said he was riding and of the path and area behind the victim's house, as he used to live there.

Mr. Democker said there is nothing to tie him to the house, that he wasn't there, and he wouldn't do "that".

Mr. Democker mentioned three times he turned his phone on, he later mentioned he had a dead battery so he was out of communication. He "remembered" he had a spare battery and put it in at shortly after 10 PM. (We have statements that he carries 2-3 spare batteries.)

He arrived at the entrance to his community at approximately 10:09 PM. When Charlotte and Jacob arrived home at 10:16 PM he was just getting into the shower. Mr. Democker washed the clothes he wore during his bike ride.

Ruth Kennedy and her son tried calling Steve Democker several times on both his home and cell phones to ask him to check on Carol. He answered John's 5th call and he refused to go to the house. He said he didn't think it was appropriate in case she had a guy over and/or she was screening calls.

Mr. Democker left the house 3 times between 11:00 PM and midnight, when he came to the scene. He changed his story as to why he left the first time. He left two other times for unknown reasons and unknown locations.

The autopsy showed the victim sustained at least 7 blows to the head with a blunt force instrument that both Dr. Keen and Dr. Fulginiti mentioned as being consistent with a golf club. When Dr. Fulginiti received the victim's head, the skull was in over 50 pieces. The severity of the injuries suggests her attacker was in a rage. Rage often suggests a relationship between the attacker and the victim.

A search was conducted at the Hassayampa residence of Steven Democker. Photos of the first search showed a shelf in the garage in which a golf head cover was pictured. Next to this shelf was a set of left hand Cleveland golf clubs. Katie, the other daughter, was later interviewed and she said her dad gave Carol a golf club to sell at a garage sale and she thought it was brought to Carol's house. Detectives did not find any clubs at Carol's.

Detectives left Mr. Democker's house while the autopsy was taking place. After the autopsy, based on the reference Keen made to a golf club being a possible weapon and the photos of the clubs and the head cover without a club, the detectives went back with a search warrant, 2.5 hours after they left the residence the 1st time to seize the head cover. The sock was gone. Jacob said Steven went for a walk after detectives left the first time.

Mr. Democker's phone was powered off approximately 2.5 hours prior to the murder and approximately 2 hours after the murder.

During the time frame of the homicide Mr. Democker claims to be riding his bike right across the street from his wife's neighborhood. He claims no one saw him despite being on the trail for approximately four hours on a trail that he eluded was popular.

Mr. Democker admits knowing the area well both at the trail and behind her house. Bicycle tracks matching his bike are located 100 yards from the victim's property.

Despite Charlotte expressing concern for the mom based in part on her mentioning three previous break ins, all the calls to Carol from family urging her to answer the phone, and the way the conversation ended with Ruth "oh no" and the phone disconnects, his 16 year old daughter and her 16 year old boyfriend went to check on her.

Ruth said when Carol was on the phone with her that night she mentioned Steve had not made his first payment and she mentioned going to the lawyer's the next day. We believe Steve was in the house when this conversation took place.

The victim was alone in the house as Katie was in Africa. Democker knew this.

Steven Democker had been ordered by the courts to pay \$500,000.00 plus in alimony, roughly \$6,000.00 a month. In addition, there are \$750,000 in life insurance policies on the victim. In addition, based on the way the decree was set up, the majority of the debt that Carol and Steven had incurred while married, died with her, as she was responsible for the majority of that debt.

Steven Democker rented a residence near his home and used that computer to order four books using his American Express card. The books were ordered on 08/20/08 and delivered 08/22/08. They were delivered in his name to the UBS Office in Prescott. The names of the books are:

How to Be Invisible: The Essential Guide to Protecting Your Personal Privacy, Your Assets and your Life

Cover Your Tracks Without Changing Your Identity: How to Disappear Until You Want to Be Found

The International Fugitive

Advanced Fugitive: Running, Hiding, Surviving and Thriving Forever

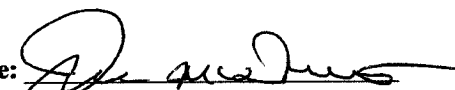

These books were later found at his residences in Scottsdale and in a Prescott storage unit. On 10/23/08 Mr. Democker advised as to the whereabouts of the golf head sock. The golf head sock was located at his attorney's office. Mr. Democker stated he found the golf head sock the day after the second search warrant had been served at his residence. He did not state where he found the golf head sock. Detectives conducted a very extensive search at Mr. Democker's house even searching the attic and the area around the house.
